**Michelle:**

"Dear Bright Hope, I recently ran across one of your posts on Facebook, about donating chickens, I thought it was a worthy cause and a great way to transform people's lives and their families' lives as well! What I also like is that even though I live on a small income I could still make a difference in the lives of others with this small gesture. I donated two chickens and hope to do the same each month. I've been promoting your charity on Facebook since I discovered it and I hope others will follow my example and see what a simple yet life-changing thing this could be for many of those struggling to provide for themselves and their families."
